New home just blocks from the Stone Mountain trail. This gem is a light filled open floor plan delight. With oak hardwood flooring throughout this home is picture perfect. The kitchen is a chef's delight with it's large island with veggie sink, granite counters, stainless appliances, pantry and white cabinetry. The master has a super custom closet and spa like bath, large secondary bedrooms with walk-in closets, rocking chair front porch, modern fireplace, fenced in yard and custom detail work. Note there will be a 10x14 deck added to the back and door added in kitchen.
