Adorable and affordable home just minutes from I-85 and Chateau Elan Winery and Resort. Lovingly cared for home opens to hardwoods that carry you past an office/sitting room, the formal dining room, and to the open great room. Just around the corner on the first floor, you'll find a well equipped kitchen with granite counter tops, a breakfast bar, and an eat in kitchen. There is lots of cabinet space and a pantry to store all the cooking essentials. Upstairs you will find a spacious master with en suite bathroom, 3 large additional bedrooms, a full bathroom, and the laundry room. You can also venture outside to the screened in patio with a mounted TV and enjoy nature while avoiding the insects. There is also ample space for some outdoor games. Cornhole or ladder ball anyone? This is a perfect home for a weekend BBQ or just having some friends over for a little Saturday college football.
